Note about credit card funds: Any funds related to this filing will automatically be reversed back onto the card used. **Funds will become available based on your bank's rules.**

Good news … You do not need to enter all the information again.

To resubmit a filing that has been rejected or returned for correction:

**Exhibit B
Page 1 of 2**

- Log in to your account
- Locate the rejected filing in the **Filings** section of your **workspace**
- Click the **Copy This Envelope** icon, located to the right of your rejected filing

You are now in a new envelope. This envelope will show the exact information that you submitted in the rejected filing. Make the appropriate corrections to the envelope suggested by the clerk. Then, proceed to the **Summary** page and click **Submit** to resubmit your filing.

Note: If your envelope has accepted and rejected filings, you will need to click the **File into this Case** icon to resubmit the rejected filings. This does not copy the envelope. Therefore, information from the rejected filing will not be copied to the new envelope.
